Project Profile: Shadow - Sculpture by the Sea

SHADOW - SCULPTURE BY THE SEA

Ionas Kaltenbach

FUNDING PROGRAM Quick Response Grant

AMOUNT APPROVED \$1,000

PRIORITY AREAS Focus Region

**Geraldton
MID WEST**

Geraldton-based artist Ionas Kaltenbach was invited to exhibit his sculpture *Shadow* in one of Australia's largest free, international public sculpture exhibitions, Sculpture by the Sea, in Bondi, NSW. Problem was, the invitation came very close to the date of installation and exhibition and Geraldton is a long, long way from Bondi!

Ionas was able to access funding through the Quick Response Grant program to cover the cost of recreating and installing the artwork at Bondi and to attend the event's conference.

Being involved in Sculpture by the Sea allowed Ionas to discuss different artistic processes as well as network extensively with other artists from around Australia and the world.

Shadow was viewed by approximately 450,000 people along the Bondi foreshore. Such a large-scale exhibition also opened the door to a vast amount of media coverage and public discussion, allowing Ionas to develop his professional skills of discussing aspects of his artwork in a public forum.
